#### Part 2 - Inshore Courses

#### 22 The courses

- 22.1 Diagram 1 shows the windward-leeward course, including the approximate angles between legs, the order in which marks are to be passed, and the side on which each mark is to be passed.
- Two possible coastal courses for each race area (Alpha and Bravo) are described in Appendix 3, and shown indicatively on the map.
- 22.3 The race area (Alpha or Bravo) where each class will be racing will be posted on the notice board not later than two hours before the first warning signal of the day.
- 22.4 No later than the warning signal, the RC signal boat will display on a whiteboard the approximate compass bearing of the first leg and the number of laps (L2 or L3).
- 22.5 If weather conditions are not suitable for a windward-leeward race the RC may choose a coastal course. In this case the RC signal boat will display flag **K**, the number of the course, the distance and bearing of the first mark on a whiteboard.

#### 23 Marks

- 23.1 Marks 1, 4s, 4p for race area Alpha will be yellow pyramid-shaped inflatable buoys. Mark 1a for race area Alpha will be a yellow thin cylindrical inflatable buoy.

#### 25 Starting line

The starting line will be between a staff displaying an orange flag on the Race Committee boat at the starboard end and a staff displaying an orange flag at the port end.

#### 26 Finishing line

The finishing line will be between a staff displaying a blue flag displayed on the Race Committee boat and a staff displaying an orange flag.

#### 27 Time limit

- 27.1 The time limit of windward-leeward course for each boat in seconds is calculated by the formula **GPH x 12**.

### Part 3 - Offshore Course

#### 28 The Course

- 28.1 The Race Committee will choose one of the courses described in Appendix 2 by displaying on a whiteboard the number of the course to be sailed, before the warning signal.
- 28.2 The race may be shortened at any rounding mark by displaying flag S.

#### 29 Marks

Rounding marks will be yellow cylindrical inflatable buoys. After sunset these marks will be staffs with an orange flag and a flashing light.

#### 30 Windward mark

If necessary, the RC may set a windward mark cast one nautical mile away from the starting line, to achieve a start to windward. In this case, before the warning signal, the RC will display a red flag to indicate that the windward mark must be left to port or a green flag to indicate that the windward mark must be left to starboard.

#### 31 Starting line

The starting line will be between a staff displaying an orange flag on the Race Committee boat at the starboard end and a staff displaying an orange flag at the port end.

#### 32 Finishing line

- 32.2 If the race is shortened and in case of night finish, the finishing line will be between a staff with an orange flag and a flashing line and a staff with a blue flag and a flashing light.

#### 33 Time Limit

- 33.1 The finish time limit in seconds is calculated for each boat by the formula GPH x S x 2, where S denotes the distance of the offshore course to be sailed as stated in Appendix 2. The finish time limits for each boat for every offshore course will be announced during the skipper's meeting.
- 33.2 Boats failing to finish within their time limit shall be scored with the number of points equal to the number of boats that started and finished within their time limit plus 1. This changes RRS 35 and A4.
- 33.3 Time limits remain unchanged in case of race shortening.

#### 34 Finishing by night

Boats that finish by night shall illuminate their sail and bow numbers when finishing, and in case of doubt shall try to identify themselves to the RC after finishing.
