## 8. MEASUREMENT AND RATINGS

Because boats are of different sizes and speeds, it is necessary to use a handicapping system to properly score each race in the series. Each boat that enters the Series will receive a CASRA handicap rating for this purpose. To assist in the rating process, a member of the CASRA Handicap Committee may contact owners to obtain additional information about their boat, including information as to modifications that have been made from its original condition. This rating is only valid for the events described in this Notice.
