In accordance with RRS 86, the following shall be in effect:

RRS 11 and 17 are modified **between sunset to sunrise** as follows: If a boat becomes overlapped within **three** hull lengths (length of the longest boat) to leeward of a boat on the same tack she shall not sail above her proper course while they remain on the same tack and overlapped within that distance, unless in doing so she promptly sails astern of the other boat. This rule does not apply if the overlap begins while the windward boat is required by rule 13 to keep clear.

RRS 51 is changed to allow the use of a canting keel.

RRS 52 is changed to allow the use of stored power in order to power the mechanism to cant the keel.
